For Turkey (Price-sensitive market)

Subject: Competitive cleanroom wiper pricing - factory direct from China

Dear [Name],

I'm writing from Wuxi Yuanjie Cleanroom Products, a Chinese manufacturer of cleanroom wipers. We are looking to enter the Turkish market with very competitive pricing.

Our DS Series electronic-grade wipers (Class 100~1000) start from just \.90/pack EXW for 6x6 inch size. We also offer industrial-grade KH series for more cost-sensitive applications.

Key advantages:

- Factory-direct pricing, no middleman markups
- Flexible MOQ: 100 packs per SKU
- Free samples available
- Custom sizes, packaging & LOGO printing

Would you be open to reviewing our product catalog and price list?

Best regards,

[Your Name]

For Middle East (Quality + Packaging focus)

Subject: Premium cleanroom wipers from China - suitable for [Country] market

Dear [Name],

Wuxi Yuanjie Cleanroom Products specializes in high-quality cleanroom wipers for the electronics and semiconductor industries. Our DS Series (Class 100~1000) is ideal for cleanroom environments.

We offer:

- Laser-cut sealed edges for low particle emission
- Professional packaging with custom branding options
- FOB Shanghai or CIF Dubai delivery
- Competitive pricing for the Middle East market

Would you be interested in receiving our catalog and FOB/CIF pricing?

For Eastern Europe (RoHS-aware)

Subject: Cleanroom wipers with competitive pricing - FOB Shanghai / CIF Gdansk

Dear [Name],

We are a Chinese manufacturer of cleanroom wipers looking to expand to the Polish and Czech markets. Our products are suitable for electronics manufacturing, automotive, and pharmaceutical industries.

We understand the European market requires RoHS compliance - this can be arranged through third-party testing. Our pricing is very competitive for the Eastern European market.

Key products:

- DS Series electronic grade (Class 100~1000) - popular sizes 9x9, 12x12 inch
- KH Series industrial grade for general cleaning
- CIF Gdansk delivery available

Would you like to discuss potential cooperation?

For Russia / CIS (Price-first approach)

Subject: Industrial wipes at factory prices - direct from China

Dear [Name],

We manufacture industrial-grade polyester wipes that are widely used in general industrial cleaning, automotive workshops, and manufacturing facilities.

Our KH Series is specifically designed for cost-sensitive industrial applications:

- Starting from just \.45/pack EXW
- Bulk packing available for even lower costs
- Flexible payment terms for first orders

We can ship CIF to St. Petersburg or other Russian ports.

Interested in discussing?

4. Follow-up Sequences

Sequence A - 3-Email Follow-up

Email 1 (Day 0): Initial outreach - product catalog + value proposition

Email 2 (Day 4): Follow-up - "Did you receive my previous email?" + key selling points

Email 3 (Day 8): Final follow-up - offer free samples + best price

Sequence B - LinkedIn-to-Email Pipeline

Step 1: Send LinkedIn connection request (Template A-D above)

Step 2: After accepted, send Message 1 (introduction with catalog offer)

Step 3: If no reply in 5 days, send Message 2 (price-focused)

Step 4: If still no reply, find their email and send cold email

Step 5: Follow up on email after 4 days

Best Practices

- Research the prospect's company before reaching out
- Reference their industry or specific use case
- Keep initial messages under 150 words
- Always include a clear call-to-action
- Use WhatsApp for faster response in Turkey & Middle East
- For Eastern Europe, emphasize quality + compliance
- For Russia/CIS, emphasize price + bulk availability
